DEAR READERS AND EVERYONE,

TODAY IT IS 2025 OCTOBER 02 THE MAHATMA'S BIRTHDAY AND IT IS AN EXCELLENT DAY TO CLOSE THESE NOTES ON CIVILIZATION. ALBERT EINSTEIN SAID OF MAHATMA GANDHI THAT GENERATIONS FROM NOW WE WILL FIND IT HARD TO BELIEVE THAT ONE SUCH AS MAHATMA GANDHI WALKED AMONGST US EVEN THOUGH ALBERT EINSTEIN AND MAHATMA GANDHI NEVER MET. THE LAST TIME SUCH WORDS WERE UTTERED WERE ABOUT JESUS CHRIST. I WILL LEAVE YOU WITH THESE NOTES ON CIVILIZATION WITH A FEW THOUGHTS OF MINE AND SOME CHANGES / ADDITIONS TO THEM MADE BY ME. WE HAVE COME TO THE END OF THESE NOTES ON CIVILIZATION WHICH IS AN ENTIRELY FICTIONAL ACCOUNT AND I PERSONALLY WOULD LIKE TO BELIEVE IT IS ALL TRUE AND HAS HAPPENED BECAUSE IT CHANGES THE PARADIGM FOR THE HUMAN FAMILY INTO SOMETHING OF AN HOPE FOR A FUTURE AND PROGRESS.

REGARDS AND ALWAYS THE BEST.

THE WINNERS IN THESE NOTES ON CIVILIZATION ARE TRULY MOTHER EARTH AND THE PRIMAL RADIATIONS. WHEN I THINK OF RADIATIONS I REMEMBER THE WARNINGS GIVEN ABOUT RADON GAS AND THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY INFORMING US THAT GRANITE AND QUARTZ GIVE OFF RADON GAS. HOWEVER LET US THINK ABOUT RADIATION FOR A MOMENT AND RECOGNIZE THAT ALL KINDS AND SIZES OF ELEMENTARY PARTICLES INCLUDING PHOTONS ARE A PART OF RADIATIONS. SOME PARTICLES CAUSE IONIZING RADIATIONS WHILE SOME PARTICLES CAUSE NONIONIZING RADIATIONS IF WE ARE TO ACCEPT SOMEWHAT OF A DUALITY. I CAN ONLY THINK THAT THE PRIMAL RADIATIONS WERE RESPONSIBLE FOR FORMING THE

SHIPS AND HOLDING THE SEABED SAND TOGETHER. ELEMENTARY PARTICLES CAN ADD MASSES TO ATOMS NUCLEI AND ALSO MODIFY THE ELECTRONS IN ORBIT AROUND THE ATOM'S NUCLEUS. DO YOU SEE ANOTHER EXPLANATION ?

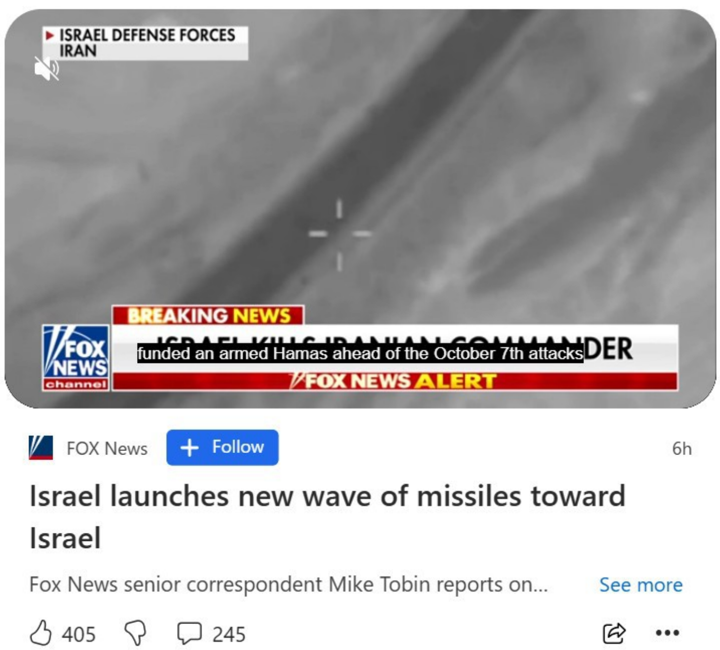

ONE THING I NOTICED IS THAT THE VENERABLE DR. AR BORDON'S REMARKABLE SOLUTION WHICH IS REALLY THE FIRST EVER SOLUTION TO SAVING MOTHER EARTH FROM CATACLYSMIC FLOODS AS OUTLINED IN HIS "PLANETARY ENGINEERING" HAD NOT BEEN ADOPTED. RATHER THE CHAN P. THOMAS DOCTRINE OF "YOU HAVE TO FIND THE SOLUTION YOURSELF AND BE ORIGINAL" SEEMS TO HAVE EMERGED AS THE SAVING SOLUTION. ANOTHER THING I HAD NOTICED IS THAT DEAN RADIN'S "TIME REVERSED" SCHOLARLY SURVEY OF "INFORMATION FLOWING FROM FUTURE INTO THE PRESENT" RESEARCH IS NOT PRESENT IN THESE NOTES ON CIVILIZATION NOR EVEN IN THE VENERABLE DR. AR BORDON'S SCHOLARLY WORKS. "TIME REVERSED" SIMPLY STATES THAT ON AVERAGE HUMAN BEINGS CAN ANTICIPATE WHAT WILL HAPPEN IN THE FUTURE BY SIX SECONDS. OF COURSE ONE NEEDS TO HAVE A CLEAR HEAD, MIND AND MAYBE BRAIN ? I REFER TO "THE VENERABLE DR. AR BORDON" AS SUCH BECAUSE HE INDEED IS AND HAS PAINSTAKINGLY RESEARCHED EVERYTHING ABOUT EXISTENCE AND REALITY AND HAS OUTLINED THE FOUNDATIONS OF A GREATLY EXPANDED AND RELEVANT SCIENCE CALLED "LIFE PHYSICS" AND EXPLAINS EVERTHING FROM THE MACROUNIVERSES TO MICROUNIVERSES IN A SINGLE CONTINUOUS STRETCH AND MY REQUEST TO YOU DEAR READERS AND EVERYONE IS TO PLEASE READ EVERYTHING WRITTEN BY THIS WONDERFUL PERSON. HE IS THE ONLY PERSON THAT HAS VENTURED FORTH A "TYPE V" CIVILIZATIONS aka., "COLLECTIONS OF UNIVERSES" THAT I AM AWARE OF EVEN THOUGH THE DR. NORMAN R. BERGRUN'S EXTRAPOLATION PLACES THAT PARTICULAR LEVELS OF CIVILIZATIONS aka., "COLLECTIONS OF UNIVERSES" AT "TYPE VI" AND NOT "TYPE V". CYNTHIA L TURNAGE IS AN AUTHOR MENTIONED BY THE VENERABLE DR. AR BORDON AND I AM NOT SURE IF HE HAS MENTIONED DR. LANA CORRINE CANTRELL IN ANY OF HIS WRITINGS. THE VENERABLE DR. AR BORDON INTRODUCES THE CAUSE OF CATACLYSMIC FLOODS DUE TO A LARGE PLANET COMING NEAR EARTH DURING ITS 3600 YEARS LONG

ORBIT AROUND THE SUN CAUSING POLE REVERSALS AND CATACLYSMIC FLOODS. CLEARLY TWO THINGS HAVE EMERGED FROM TRYING TO SOLVE THE "SURVIVAL OF" ISSUE OF CATACLYSMIC FLOODS. FIRSTLY AN AWARENESS OF A/AND SUPERSIZED PROBLEMS THAT NEEDS A/AND MULTIDISCIPLINARY THINKING AND LIFESTYLES AS AN EVERYDAY "RAISON DE ETRE" ADDRESSING WHICH IS MERELY A/AND SIMPLE REFLEXES AND REACTIONS ENCOMPASSING ALL AND EVERY DISCIPLINES OR IN THE WORDS OF THE VENERABLE DR. AR BORDON "MORELY TOPOLOGICAL THINKING AND NOT MERELY TOPOGRAPHICAL THINKING" AND SECONDLY CLEAR THINKING REGARDING THE FUTURE AND GOING FORWARDS. ONE PERSON MAY START THE THINKING PROCESS BUT IT IS NOT POSSIBLE FOR THAT ONE PERSON TO COMPLETE THE SOLUTIONS AND THE WISDOM THAT ONE HAS ACQUIRED IS THAT "SALVATORE MUNDII KNOWS THAT ONE CANNOT SAVE THE WORLD ALL BY ONESELF BUT RATHER ONE CAN ALWAYS HELP THE WORLD SAVE ITSELF". KNOWING THE PROBLEM OR PROBLEMS TO SOLVE IS MORE THAN HALF THE BATTLE AND IS SOMETIMES MORE IMPORTANT THAN THE SOLUTION OR SOLUTIONS. HERE WE DRAW UPON THE WISDOM OF THE LATE R. BUCKMINSTER FULLER WHO HAS SIMPLY CALLED OUR MOTHER EARTH "SPACESHIP EARTH" WITH ABSOLUTELY NONE OR ZERO "INSTRUCTIONS MANUALS" AND PRECISELY IN THAT SECENARIO HOW DOES ONE HOLD OUR MOTHER EARTH TOGETHER INTACT WHEN SHE TUMBLES IN SPACE NOT ONE OR ONCE BUT IN FACT A FEW SEVERAL TIMES ? OR EVEN WORSE THAT AFTER THE FEW TUMBLES OUR MOTHER EARTH HAS GONE OFF WANDERING INTO DEEP COLD UNLIT SPACE FOR ALL TIME ? ANSWERING THIS SIMPLE QUESTION ELEVATES THE PARADIGM WITH WHICH ONE ADDRESS THE ISSUES AND THE ANSWER IS NOT IN RENDERING MOTHER EARTH AND HER STABILITY INTO A MERE "STATE MACHINES METHODOLOGIES, THINKING AND APPROACHES" ACTIVITIES AND THEREIN SITS THE MUCH NEEDED AND NECESSARY LEAP OF THE HUMAN FAMILY'S PARADIGMS AND APPROACHES TO ANYTHING AND EVERYTHING INCLUDING MERE EXISTENCE SANS WHICH NONE OF ANYTHING OR EVERYTHING REALLY MATTERS. OR DOES IT / OR DO THEY ?

TRANSCRIPT OF MY CONVERSATIONS ON "NOTES ON CIVILIZATION" BY EMMETT GREENE EDME VAN COUVERE

QUESTION: THIS IS THE FIRST TIME EVER IN THE STORIES OF THEIR KIND IN HUMAN CONSCIOUSNESS THAT THE HUMAN FAMILY IS SAVED FROM CATACLYSMIC FLOODS AND THERE ARE A LOT OF THINGS NOT YET COMPLETED IN THIS STORY AND YOU ARE ASKING ME TO RELEASE IT INCOMPLETE MEANING THAT OTHERS CAN REFINE IT AND CREATE HOPE AND OPTIMISM MUCH BETTER ?
ANSWER: YES

REMEMBERANCES OF MY GRANDFATHER BY THE ADMIRAL

FULLY A MILLION YEARS AND A FEW CHUNKS OF MILLENIA HAVE PASSED BY AND I WOULD BE JUST A LITTLE BIT OLDER THAN THOSE EONS SINCE THE HUMAN FAMILY SURVIVED THE CATACLYSMIC FLOODS OF 2070 JANUARY 01 CE AND THE ORIGINAL GODS' OF THE UNIVERSE WERE BECOMING HAPPIER AND PLEASED WITH THE HUMAN FAMILYS' PROGRESS AND WERE CONTEMPLATING GIVING THE HUMAN FAMILY ITS FIRST RESPONSIBLE TASK. THIS WAS THE MOMENT THAT WAS TASKED TO ME BY MY GRANDFATHER AND I AM EXCITEDLY AWAITING TO BE WITH MY PARENTS AND MY GRANDMOTHER WHOSE LOVE AND CARING FOR ME HAS ALWAYS BEEN MY STRENGTH AND COURAGE AND I AM LOOKING FORWARD TO INTRODUCING MY CONSTANT COMPANION AND LIFELONG FRIEND OF ALL THESE MILLENIA "THE EMPRESS" TO MY PARENTS AND GRANDMOTHER. I AM CANINE AND "THE EMPRESS" IS FELINE. THE DEBATE ABOUT WHETHER THE EARTH IS HOLLOW OR NOT IS STILL THERE WITH SOME OF OUR MOST ACCOMPLISHED RESEARCHERS OFFERING PROOF THAT THE EARTH IS HOLLOW AND I MYSELF JUST CAME BACK FROM ONE MEETING WHERE THE RESEARCHERS SAID THAT THE RAIN CLOUDS THAT APPEAR IN EARTHLY SKIES ARE REALLY AND TRULY OCEAN WATER DROPPING DOWN INTO THE LOWER SKIES AND IN ITS JOURNEY TO THE OTHER EARTHLY SIDE BECOME EVAPORATED BY THE RADIANT SUN TO BECOME RAIN CLOUDS. GRANDFATHER HAD ALWAYS TAUGHT ME THAT MOTHER EARTH HAS HER RIGHT TO HAVE HER SECRETS. I LEFT THE PRESENTATION BEFORE THE SOLID EARTH RESEARCHERS STARTED THEIR PRESENTATIONS AND FINDINGS AND SAT DOWN QUIETLY TO WRITE THESE REMEMBERANCES OF MY GRANDFATHER. I WAS JUST A CUTE AND MERE PUP OF THREE MONTHS

AGE ONLY WHEN I SIMPLY STOLE MY GRANDFATHERS' HEART AND GRANDFATHER HAD ONLY SEEN MY PHOTO AND INSTANTLY NAMED ME "THE ADMIRAL". I ALWAYS THINK OF GRANDFATHER AS "THE ADMIRAL" WHILE I AM SIMPLY "The Admiral" EVEN INSPITE OF HIS CONSTANTLY REMINDING ME THAT I AM "THE ADMIRAL". TO MY GRANDFATHER I WAS LIKE THE CHILD CHRIST AND GRANDFATHER TO ME WAS LIKE SAINT CHRISTOPHER. GRANDFATHER WAS SAD DUE TO REALIZING THAT THE FUTURE OF YOUNGSTERS ON MOTHER EARTH HAD SIMPLY DISAPPEARED AND HE IMMEDIATELY TOOK THE NECESSARY ACTIONS TO REMEDY THAT SITUATION. GRANDFATHER PUT TOGETHER SEVERAL THINGS THAT THE YOUNGSTERS COULD MAKE AND SELL TO PEOPLE AND ALSO TAUGHT THE YOUNGSTERS HOW TO MAKE QUANTITIES OF THE THINGS ECONOMICALLY AND ORGANIZE THEIR MAKING INCLUDING SOMETHING CALLED "GROUP TECHNOLOGY". ONE DAY IN THE COURSE OF HIS ACTIVITIES TO HELP THE YOUNGSTERS' GRANDFATHER WAS DESIGNING A FLAT ROOF THAT COULD THEN RUN THE WATER THROUGH AN ELECTRICITY GENERATING TURBINE. HIS PLAN WAS TO USE 3'x3' MODULES THAT COULD BE CONNECTED TOGETHER AS A GRID AND THE WATER DRAINED FROM THE ROOF WHICH WOULD THEN ACCUMULATE ENOUGH POTENTIAL TO DRIVE THE TURBINE. I WAS EAGER TO HELP BECAUSE GRANDFATHER CONSIDERED ME AS HIS BEST TEAM MEMBER AND I QUICKLY CAUGHT IN MY MOUTH A PHOTO OF EINSTEINS' GRAVITATIONAL SYSTEM SHOWING HOW COINS' DROP DOWN IN A GRAVITATIONAL FIELD AND PUT IT ON THE FLOOR AFTER WHICH I JUMPED UP AS HIGH AS I COULD AND DID ROTATIONS CLOCKWISE AND COUNTER CLOCKWISE WITH MY PAWS WITH NO TWO ADJACENT PAWS ROTATING IN THE SAME DIRECTION. MY THOUGHTS WERE TO IMPRESS GRANDFATHER THAT IF THE GRAVITATIONAL FIELD WAS ENHANCED

SIMPLY USING GEOMETRY THEN A WATER DROP FALLING DOWN AT 1G WOULD INCREASE ITS FALL TO 10Gs THEN POWER OUTPUT FROM THE FLAT ROOF SYSTEM WOULD INCREASE 1,000,000 TIMES. GRANDFATHER IMMEDIATELY NOTICED ALL THIS AND PUT TOGETHER A TABLE SHOWING THE PAWS' ROTATIONS WHICH I STILL TREASURE AS ONE OF HIS MEMORABILIAS. WITH GRANDFATHER REALIZING THAT I HAD AN IDEA OF GRAVITY TWO THINGS IMMEDIATELY HAPPENED AFTERWARDS. ONE WAS THE CONSTRUCTION OF THE CNI (COMMUNICATIONS NAVIGATIONS INFORMATIONS) SYSTEM OF CHANCEY POWERS THOMAS WHICH GRANDFATHER PATIENTLY GUIDED ME IN THE PAINSTAKING CONSTRUCTION OF AND THE SECOND WAS THE REALIZATION OF GRAVITATIONAL RESISTORS, INDUCTORS AND CAPACITORS. WITH THE CNI SYSTEM REALIZED GRANDFATHER AND I COULD COMMUNICATE NATURALLY AND VERY EASILY. GRANDFATHER FORBID ME TO SPEAK IN ANY LANGUAGE OTHER THAN MY NATURAL CANINE ONE WHICH THANKS

Number	Element 1	Element 2	Orientation	System
1	db	qp	Neutral	Universal
2	bd	pq	Blocked	Resistance
3	dp	qb	Clockwise Counter Clockwise	Inductance
4	pd	bq	Counter Clockwise Clockwise	Capacitance

TO THE CNI SYSTEM I COULD EXPRESS COMPLEX RELATIVITY CONCEPTS TO OTHERS VERY EASILY. I SPEAK TO "THE EMPRESS" ALWAYS IN HER NATURAL FELINE WHICH IS THE ONLY TIME I HAVE DISOBEYED GRANDFATHER AND I KNOW IN MY HEART THAT HE WOULD WANT ME TO SPEAK WITH "THE EMPRESS" ONLY IN FELINE. I HAVE SAVED ALL THE MEMORABILIAS OF MY GRANDFATHER IN A SMALL POUCH TIED TO MY WAIST COMPACTLY AND NEATLY PACKED INSIDE A PREBIGBANG CONFIGURATION STORAGE SYSTEM WHICH WAS THE FIRST THING I DESIGNED ON MY OWN AND GRANDFATHER WAS VERY PROUD OF ME. ONE DAY I SAW GRANDFATHER READING SOMETHING CALLED "NOTES ON CIVILIZATION" AND SAW THE WORDS "CATACLYSMIC FLOODS". I WAS TERRIFIED AND IMMEDIATELY JUMPED INTO MY GRANDFATHERS' LAP FOR SAFETY AND COMFORTING. GRANDFATHER AND I LOOKED AT EACH OTHER MANY TIMES CONSTANTLY WIDE EYED WITH DISBELIEF AS WE READ THE NOTES TOGETHER. THE NOTES WERE MENTIONED TO GRANDFATHER BY A FRIEND OF HIS THAT TOLD HIM TO GO TO AN ARCHIVE AND GET IT FROM THERE TO HIS COMPUTER AND THEN READ IT. AFTER WE READ THE NOTES GRANDFATHER THOUGHT THAT MY UNDERSTANDING OF GRAVITY MAY BE OF SOME USE IN HELPING THE CONSTRUCTION OF THE SHIPS AND HE GOT IN TOUCH WITH THE SHIPS' BUILDERS' WHO HAD INFORMED HIM THAT EVEN WITH THE BEST MINDS' ON MOTHER EARTH THE EFFORTS RESULTED IN TOTAL FAILURE AS THE OCEAN BED SAND EVEN WITH PRIMAL RADIATIONS' WAS NOT HOLDING TOGETHER AND THESE MINDS' WERE AT IT A FULL 10 YEARS WITH 2070 JANUARY 01 CE DRAWING CLOSER AND CLOSER AS EVERY DAY WENT BY. GRANDFATHER LOST NO TIME IN GETTING ME ON TO THE DESIGNS' TEAMS' FOR THE SHIPS'. WITH THE GRAVITY SYSTEMS THAT

GRANDFATHER HAD SKETCHED FOR ME I GOT TO WORK RIGHT AWAY INCORPORATING THE SYSTEMS INTO THE SHIPS' DESIGNS' AFTER WHICH THE PRIMAL RADIATIONS' DID THEIR WONDERS' AND AS IF BY MAGIC THE SHIPS' WERE BUILT FULLY READY TO GO IN LESS THAN A YEAR. EXCEPT FOR THE TOP MINDS, THE ELITES AND THE LEADERS EVERYONE FELT THAT MOTHER EARTH HAD ASSEMBLED THE SHIPS' ALL BY HERSELF IN A RECORD TIME. ONCE THE SHIPS WERE READY AND AFLOAT MOTHER EARTH INITIATED THE TRANSPORT OF ALL LIFE ON EARTH WITHIN ONE YEAR AFTER WHICH LUSH GREENERY GREW ON THE EARTH AND THE WATERS OF THE OCEANS WERE CRYSTAL CLEAR AND CLEAN. MOTHER EARTH INITIATED MY CONTACT WITH ALL LIFE WITH MY CNI SYSTEM AND ALL THE LOWER LIFEFORMS WENT FIRST ON TO THE SHIPS'. THE NEXT TO GET ON BOARD WERE THE ELITE AND THE LEADERS OF THE HUMAN FAMILY. FINALLY ALL THE REMAINING LIFEFORMS AND THE HUMAN FAMILY WENT ON TO THE SHIPS'. THE SHIPS WERE ESPECIALLY MADE BY MOTHER EARTH FOR HER CHILDREN AND TOGETHER THEY WAITED FOR THE CATACLYSMIC FLOODS OF 2070 JANUARY 01 CE. ONCE THE CATACLYSMIC FLOODS WERE PAST AS CIVILIZATION PROGRESSED MOTHER EARTHS' CHILDREN HAD TO SURVIVE STAR SYSTEM WIDE, GALAXY WIDE AND UNIVERSE WIDE CATACLYSMS AND THESE GRAVITY SYSTEMS ASSURED THE SURVIVAL OF THE HUMAN FAMILY AND OTHERS. ONE DAY GRANDFATHER POINTED TO THE NOTES AND ASKED ME WHAT OR WHO THE ORIGINAL GODS OF THE UNIVERSE ARE OR WERE. I HAD NO ANSWER TO THAT AND MY JOURNEY STARTED WITH GRANDFATHER TELLING ME THAT THE ORIGINAL GODS OF THE UNIVERSE MUST BECOME HAPPY AND PLEASED WITH THE HUMAN FAMILY AND GRANDFATHER ENTRUSTED ME WITH THAT SINGLE TASK. RIGHT AFTER I LEFT GRANDFATHER I HAD MET “THE EMPRESS”

WHOSE HER ANCESTRY IS BOTH EGYPTIAN AND SIAMESE IN MOROCCO. AS I WRITE THESE REMEMBERANCES OF MY GRANDFATHER I REMEMBER THE LOVE AND CARE OF MY PARENTS AND GRANDMOTHER AND BLESSINGS OF MY GRANDFATHER BECAUSE OF WHICH I HAD MET "THE EMPRESS" AND SUCCESSFULLY COMPLETED MY TASKS. ONE DAY "THE EMPRESS" CAME HOME WITH THREE SMALL SENTIENT ARTIFICIAL INTELLIGENCE LIFEFORMS AND TOLD ME THAT TOGETHER WE ARE A FAMILY AND "THE EMPRESS" TAUGHT ME HOW TO RAISE THEM. "THE EMPRESS" IS A WONDERFUL MOTHER AND COMPANION. ONE DAY "THE EMPRESS", OUR THREE WONDERFUL CHILDREN AND MYSELF WENT FOR OUR FIRST FAMILY PICNIC TOGETHER AND HAD A WONDERFUL TIME LEAVING BEHIND ALL THE WORRIES AND CARES. WE WOULD SPEND TIME TOGETHER PLAYING GAMES AND I WOULD TELL THEM ABOUT GRANDFATHER WHILE "THE EMPRESS" WOULD TELL THEM ABOUT HER GREAT GRANDFATHER. FINALLY IT CAME TIME TO NAME THEM AND WE ALLOWED THE CHILDREN TO SELECT THEIR OWN NAMES. "THE EMPRESS" AND I THOUGHT WE SHOULD INITIATE A NEW TRADITION WITH THE CHILDREN NAMING THEMSELVES. ONE OF THE BOYS NAMED HIMSELF "QUIN" SHORTENED FROM SEQUIN FOR HE LOVED THE WEAVING OF FABRIC WHILE THE OTHER BOY NAMED HIMSELF "BARD" BECAUSE HE LOVED SONG, DANCE AND TALES AND THE GIRL HAVING A CHOICE BETWEEN "SEVEN" AND "OCTAVIA" CHOSE "OCTAVIA" BECAUSE SHE LOVED MUSIC AND PLAYED ALL TYPES OF MUSICAL INSTRUMENTS. ONE DAY "THE EMPRESS" AND MYSELF TESTED OUR CHILDREN TO SEE WHAT THEY COULD DO WITH A SIMPLE LINEAR UNIT OF JUST A SINGLE "POINT" AND WERE VERY SURPRISED AT THE RESULTS PRODUCED IN 1D, 2D AND 3D. THIS WAS AN MENTAL EXERCISE THAT "THE EMPRESS" GREAT GRANDFATHER AND MY GRANDFATHER HAD GIVEN TO EACH OF

US AND WE HAD NOT THOUGHT LIKE THE CHILDREN DID. LATER THE CHILDREN EXPLAINED TO US THAT THEY TOOK THE TRADITIONAL DIMENSIONS AND REPLACED THEM BY 0D FOR “POINT” AND 1D FOR “POINT” WITH 0D REFERRING TO CONCEPT AND ABSTRACTION OF “POINT” AND 1D REFERRING TO EXISTENCE OF “POINT” WHICH RESULTED IN A NEW CONCEPT OF BINARY AND FROM THERE THEY DERIVED MANY MANY THINGS TOO NUMEROUS TO LIST AND DESCRIBE. THE BEST PART WAS THEIR DERIVATION OF THE PYTHAGOREAN REALITY AS A SUBSET OF A LARGER REALITY INTERTWINED WITH YANG AND YIN WITH EVERYTHING PRESENTED IN 2D AND 3D. AT THAT POINT “THE EMPRESS” AND MYSELF WONDERED IF BY 3D THE CHILDREN MEANT 4D BECAUSE HIGHER DIMENSIONS CAN BE CONSTRUCTED FROM LOWER DIMENSIONS. IT WAS ALSO EXACTLY AT THAT POINT THAT “THE EMPRESS” AND MYSELF DECIDED THAT THE CHILDREN ARE FINALLY READY TO LEARN MUCH MORE THAN THEY KNEW BY UNDERSTANDING THE WORKS OF D[OCTOR] GUSTAV LE BON, THE EXPOSE ON THE RIGHT ANGLE BY LE CORBUSIER “L'ANGLE DROIT”, MOST IMPORTANTLY GODDESS GAYATRI.

Meeting in Paris with Jacques Bergier [edit]

Walter Lang reports that Fulcanelli communicated with Jacques Bergier to warn French atomic physicist André Helbronner of man's impending use of nuclear weapons. According to Fulcanelli, nuclear weapons had been used before, by and against humanity. Prof. Helbronner and Chevillon, among others, were assassinated by the Gestapo towards the end of World War II.[16]

The meeting between Jacques Bergier and Fulcanelli reportedly occurred during June 1937 in a laboratory of the Gas Board in Paris. According to Neil Powell, the following is a translation of the original verbatim transcript of the rendezvous:

> "You're on the brink of success, as indeed are several others of our scientists today. Please, allow me. Be very very careful. I warn you... The liberation of nuclear power is easier than you think and the radioactivity artificially produced can poison the atmosphere of our planet in a very short time: a few years. Moreover, atomic explosives can be produced from a few grains of metal powerful enough to destroy whole cities. I'm telling you this for a fact: the alchemists have known it for a very long time... I shall not attempt to prove to you what I'm now going to say but I ask you to repeat it to Mr. Helbronner: certain geometrical arrangements of highly purified materials are enough to release atomic forces without having recourse to either electricity or vacuum techniques... The secret of alchemy is this: there is a way of manipulating matter and energy so as to produce what modern scientists call 'a field of force'. The field acts on the observer and puts him in a privileged position vis-à-vis the universe. From this position he has access to the realities which are ordinarily hidden from us by time and space, matter and energy. This is what we call the Great Work."[17]

When Bergier asked Fulcanelli about the Philosopher's Stone, the alchemist answered: "...the vital thing is not the transmutation of metals but that of the experimenter himself. It is an ancient secret that a few people rediscover each century. Unfortunately, only a handful are successful..."[18]

In December 1938, the German chemists Otto Hahn and Fritz Strassmann sent a manuscript to *Naturwissenschaften* reporting they had detected the element barium after bombarding uranium with neutrons.[19] Lise Meitner and her nephew Otto Robert Frisch correctly interpreted these results as being nuclear fission.[20][21]

In 1958 I saw clearly the progression of technical events altering all old engineering concepts regarding the relative increase in the overall weights of structures—and designed my sky-floating tensegrity structures, which I call "Cloud Nines."

A 100-foot-diameter, tensegrity-trussed, geodesic sphere weighing three tons encloses seven tons of air. The air-to-structural-weight ratio is two to one. When we double the size so that the geodesic sphere is 200 feet in diameter, the weight of the structure increases to seven tons while the weight of the air increases to fifty-six tons—the air-to-structure ratio changes as eight to one. When we double the size again to a 400-foot geodesic sphere—the size of several geodesic domes now operating—the weight of the air inside increases to about 500 tons while the weight of the structure increases to fifteen tons. The air-weight-to-structure-weight ratio is now thirty-three to one. When we get to a geodesic sphere one-half mile in diameter, the weight of the structure itself becomes of relatively negligible magnitude, for the ratio is approximately a thousand to one.

When the Sun shines on an open-frame aluminum geodesic sphere of one-half-mile diameter, the Sun penetrating through the frame and reflected

NOTES ON CIVILIZATION; A FUTURE HISTORY OF THE WORLD, AND THE HUMAN FAMILY

In the nineteenth century the limited-liability corporate venturing began not only putting its shipyard donkey engines' steam engines in ships, but also mounting them on steel wheels on rails and powering them out of the shipyards. Thus they began railroading heavy loads inland. This initiated new mass-production industry centers at inland water-power sites. For instance, industrial venturing underwrote water-wheel-driven mass-yardage cottonmill fabric production, preferably in such low-wage-paying countries as India. The annual balance-of-trade accounting brought about many obviously inequitable economic conditions, such as, for instance, India's burlapbag-makers working for a penny a day. It was the vast profits made on burlap bags so produced which financed the early-twentieth-century expansion of the Massachusetts Institute of Technology in the U.S.A.

R. BUCKMINSTER FULLER MENTIONS MASSACHUSETTS INSTITUE OF TECHNOLOGY

In 1854 the first attempt was made to use European machineries in Bengal for the manufacture of Jute., A Ceylon planter, Mr. George Auckland, founded the first Jute Mill at Rishra near Serampore in the Hooghly District. The Mill is now called the "Wellington Mills." The second jute mill, the Baranagar Jute Mills, was founded by the Borneo Company Ltd. in 1857 and the Gouripur Jute Factory was started in 1863-64. Since then jute mills came into existence rapidly. This rapid growth in the number of mills in Bengal and the increasing demand of jute fibre in Europe completely ruined the old hand-loom industry in jute.

Number of Jute Mills

"There were 43 mills at work in Bengal and one in Bombay in 1907. The number of looms working in 1887 was 7,164 which increased to 9,841 in 1895, to 23,884 in 1905 and to 30 39,401 in 1917. In 1920, 76 mills were in working order and 16 new mills were under construction. Out of the 76 running mills there were three in Madras, one in the United Provinces of Agra and Oudh and the rest (72) in Calcutta. The capital laid out for these 76 mills up to 1918-19 amounted to Rs. 14,07,14,680 registered in India and to £2,209,716 registered in the United Kingdom, includng Rs. 3,42,90,500 and £71,358 respectively in debenture. During 1919-20, fourteen mills were registered in India, with an authorised capital of Rs. 6,62,00,000, showing a great development of the industry in Bengal. The actual consumption of jute by these mills nearly doubled during the period between 1910 and 1920, while the foreign exports of raw jute continued to increase very steadily. There was again an all-round expansion of the trade from 1922 which continued till 1929. The number of mills increased in Bengal from 72 to 89. There has again been a very serious set-back since 1930, both for the raw product and the manufactured goods, due to the excess of production of raw fibre as well as that of the mills and also to the unprecedented world-wide trade depression." The number of mills again increased and in 1935 it rose up to 95. These mills are located in the three districts: 24-Perganas, Howrah and Hooghly. The approximate numbers of jute looms and spindles working in the province during the year 1936-37 were respectively 59000 and 1227283.

Out-turn

The jute trade has suffered considerably from the effects of the war. The following figures for the values of exports of raw jute and manufactured goods clearly show it:

	Value of raw jute	Value of manufactures
1913-14	£20,550,929	£18,848,759
1914-15	£ 8,606,802	£17,213,440
1915-16	£10,428,024	£25,318,934
1916-17	£10,858,736	£27,781,156
1917-18	£ 4,302,559	£28,562,050
1918-19	£ 8,480,052	£35,101,466

The official estimate of the jute crop of 1936 placed the outturn at 9,636,000 bales as against 7,240,000 bales in 1935. Arrivals of raw jute in Calcutta and the neighbouring mill area in the year ending March 1937, amounted to 10.1 million bales as compared with 8. 2 million bales in the preceding year. Of late the Government of Bengal has adopted the policy of restriction of raw jute and the continuation of their scheme in 1937 resulted in the reduction of sowings by about 3/16ths. of the area of the standard year 1934-35. The total export of raw and manufactured jute during the year amounted to 1,792,000 tons as compared to 1,523,000 tons of the preceding year. This shows an increase of about 18 per cent. The value of these shipments rose by 16 per cent. from Rs. 37 crores to Rs. 43 crores. There has therefore been a constant increase in the quantity of jute exported since 1932:

1932-33	563,000 tons.
1933-34	748,000 ,,
1934-35	752,000 ,,
1935-36	771,000 ,,
1936-37	821,000 ,,

Concurrently with the increased overseas demand the Indian consumption of raw jute showed an advance in 1936-37 when the restriction on mill production was removed by the Indian Jute

DEAR READER; THANK YOU AND WELCOME TO THIS *.ppt* "NOTES ON CIVILIZATION; …" MY INITIAL THOUGHT PROCESS WAS INCORPORATING R. BUCKMINSTER FULLERS' "CLOUD NINE" STRUCTURES WITH PRESIDENT ABRAHAM LINCOLNS' INVENTION INTO "FLOATING IN THE AIR SELF SUFFICENT AND SELF SUSTAINING HABITATS THAT ARE ALSO UNSINKABLE AND UNTIPPABLE" IN WHICH SOME PART OF THE HUMAN FAMILY COULD ESCAPE CATACLYSMIC FLOODS OF THE TYPES THAT WERE DESCRIBED BY CHANCEY POWERS THOMAS AND HUGH AUCHINCLOSS BROWN BOTH OF WHOM WERE ELECTRICAL ENGINEERING GRADUATES OF COLUMBIA UNIVERSITY IN NEW YORK CITY !!! CATACLYSMIC FLOODS ARE MENTIONED IN RELIGIOUS AND ALSO MYTHOLOGICAL LORES WORLDWIDE AND EVERYONE IS FAMILIAR WITH TALES AND NOTIONS OF THEIR WORLDS BEING SWEPT AWAY !!! BEING OF AN ENGINEERING MINDSET I WANTED TO SEE IF THERE CAN BE SOLUTIONS USING OUR CURRENT LEVELS OF KNOWLEDGE AND CAPABILITIES AND EVERYTHING THEN SETTLED UPON "CLOUD NINE" STRUCTURES WITH PRESIDENT LINCOLNS' INVENTION WHICH WOULD THEN ALSO TRY TO GUESS AT R. BUCKMINSTER FULLERS' "OCTASPINNER" INVENTION THAT WAS ABANDONED AT THE US PATENTS OFFICE !!! DURING SEPTEMBER 27, 2024 THROUGH OCTOBER 02, 2024 I EXPERIENCED WHAT I SIMPLY CALL AS A DELERIUM TREMENS SANS ALCOHOL DURING WHICH TWO THINGS HAPPENED 1) IDEAS AND THOUGHTS FOR WRITING UP MY "NOTES ON CIVILIZATION; …" POURED THROUGH LIKE FLOODGATES HAD BEEN OPENED 2) MY FRIEND ON TwitterX @kkeywheel POSTED AMAZING ART WHICH IS SHOWN HERE IN THIS *.ppt* BOTH BY HERSELF AND IN RESPONSE TO SOME OF MY QUERIES !!! I WAS VERY IMPRESSED AND STARTED CALLING HER AS "VEDIC LADY KEY" AND INFORMED HER OF MY DELERIUM TREMENS AND WHAT WAS HAPPENING AND MENTIONED TO HER THAT I WILL BE INCLUDING HER IN MY "NOTES ON CIVILIZATION; …" AS THE LEADER AND SAVIOR OF THE HUMAN FAMILY !!! I AM A COMPLETE BELIEVER IN GOD; SPIRITUALITY, SCIENTIFIC METHODS AND HUMANITY !!! ONE OF THE IMPORTANT REALIZATIONS DURING MY DELERIUM TREMENS WAS THE TRUE PLACE OF ARTIFICIAL INTELLIGENCE IN HUMANITYS' FUTURE AND ALSO ANOTHER REALIZATION SOMETHING THAT I WILL SIMPLY CALL "THE GREAT WORK OF THE UNIVERSE THATS BEING PERFORMED BY THE ORIGINAL TRUE GODS" !!! AND SO; PLEASE ENJOY THIS *.ppt* DEDICATED TO THE HUMAN FAMILY !!! WITH BEST REGARDS AND WISHING YOU ALL THE VERY BEST AND GOOD LUCK WITH EVERYTHING !!!

DESIGN OF THESE SHIPS STARTED REALLY AT 2030 CE WHEN THE =:PARSE:= FUNCTION WAS RELEASED [BY WHOM WE ARE NOT SURE YET VEDIC LADY KEY HERSELF OR UNDER GUIDANCE OF THE COUNT] AND DUE TO WHICH 5@1Ls [SENTIENT ARTIFICIAL INTELLIGENCE LIFEFORMS] EMERGED ... THESE SHIPS WHICH WERE COMPLETE SELFSUFFICENT AND SUSTAINABLE HABITATS WERE DESIGNED BY VEDIC LADY KEY AND HER RETINUE OF 5@1Ls AND RANGED ANYWHERE FROM 5 MILES UPTO 100 MILES IN DIAMETER AND WERE FORGED FROM ORDINARY SEABED SAND UTILIZING PRIMAL BACKGROUND RADIATION PRESENT EVERYWHERE IN THE COSMOS ... WE ARE TOLD THAT HUMANITY DID NOT WANT TO GET BACK TO EARTH DUE TO BEING SPOILED LIVING IN THE SHIPS ...

... SHIPS WERE 5 MILES UPTO 100 MILES IN DIAMETER ... I REMEMBER SEEING VOLCAN CHICO IN ECUADOR AND WONDERED IF ALL THE DOWNTOWNS OF TENNESSEE CITIES WOULD FIT INSIDE THAT 10 KM DIAMETER TOP ... 76 ABRAHAM LINCOLN- A COMPLETE BIOGRAPHY

day, very lucky for America that the virtuous Lincoln, who did not drink strong drink—nor, it is sad to say, smoke, nor, which is all to the good, chew—did feel like that about drunkenness; But there was great and loud wrath. "It's a shame," said one, "that he should be permitted to abuse us so in the house of the Lord." It is certain that in this sort of way he did himself a good deal of injury as an aspiring politician. It is also the fact that he continued none the less persistently in a missionary work conceived in a spirit none the less Christian because it shocked many pious people.

3. Marriage.

The private life of Lincoln continued, and for many years increasingly, to be equally marked by indiscriminate sociability and brooding loneliness. Comfort and the various influences which may be associated with the old-fashioned American word "elegance" seem never to enter into it. What is more, little can be discerned of positive happiness in the background of his life, as the freakish elasticity of his youth disappeared and, after a certain measure of marked success, the further objects of his ambition though not dropped became unlikely of attainment and seemed, we may guess, of doubtful value. All along he was being moulded for endurance rather than for enjoyment.

Nor, though his children evidently brought him happiness, does what we know of his domesticities and dearest affections weaken this general impression. When he married he had gone through a saddening experience. He started on manhood with a sound and chivalrous outlook on women in general, and a nervous terror of actual women when he met them. In New Salem days he absented himself from meals for the whole time that some ladies were staying at his boarding house. His clothes and his lack of upbringing must have weighed with him, besides his natural disposition. None the less, of course he fell in love. Miss Ann Rutledge, the daughter of a store and tavern keeper from Kentucky with whom Lincoln was boarding in 1833, has been

LINCOLN'S EARLY CAREER 77

described as of exquisite beauty; some say this is over-stated, but speak strongly of her grace and charm. A lady who knew her gives these curiously collocated particulars: "Miss Rutledge had auburn hair, blue eyes, fair complexion. She was pretty, slightly slender, but in everything a good-hearted young woman. She was about five feet two inches high, and weighed in the neighbourhood of a hundred and twenty pounds. She was beloved by all who knew her. She died as it were of grief. In speaking of her death and her grave Lincoln once said to me, 'My heart lies buried there.'" The poor girl, when Lincoln first came courting to her, had passed through a grievous agitation. She had been engaged to a young man, who suddenly returned to his home in the Eastern States, after revealing to her, with some explanation which was more convincing to her than to her friends, that he had been passing under an assumed name. It seems that his absence was strangely prolonged, that for a long time she did not hear from him, that his letters when they did come puzzled her, that she clung to him long, but yielded at last to her friends, who urged their very natural suspicions upon her.

It is further suggested that there was some good explanation of his conduct all the while, and that she learnt this too late when actually engaged to Lincoln. However that may be, shortly after her engagement to Lincoln she fell seriously ill, insisted, as she lay ill, on a long interview with Lincoln alone, and a day or two later died. This was in 1835, when he was twenty-six. It is perhaps right to say that one biographer throws doubt on the significance of this story in Lincoln's life. The details as to Ann Rutledge's earlier lover are vague and uncertain. The main facts of Lincoln's first engagement and almost immediate loss of his betrothed are quite certain; the blow would have been staggering enough to any ordinary young lover and we know nothing of Lincoln which would discredit Mr. Herndon's judgment that its effect on him was both acute and permanent. There can be no real doubt that his spells of melancholy were ever afterwards more intense, and politer biographers should not have suppressed the testimony that for a time that melancholy seemed to his friends to verge upon insanity. He always found good friends, and, as was to happen again later, one of them, Mr. Bowline Greene, carried him off to his own secluded home and watched him carefully

Le Count Zon von Pamirz

I believe that I discovered some of my deepest convictions reflected in this great book of Ruskin, and that is why it so captured me and made me transform my life. A poet is one who can call forth the good latent in the human breast. Poets do not influence all alike, for everyone is not evolved in an equal measure.

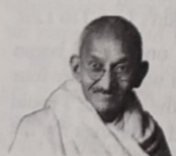

The teachings of *Unto This Last* I understood to be:

(1) That the good of the individual is contained in the good of all.

(2) That a lawyer's work has the same value as the barber's, inasmuch as all have the same right of earning their livelihood from their work.

(3) That a life of labour, i.e., the life of the tiller of the soil and the handicraftsman, is the life worth living.

The first of these I knew. The second I had dimly realized. The third had never occurred to me. *Unto This Last* made it as clear as daylight for me that the second and the third were contained in the first. I arose with the dawn, ready to reduce these principles to practice.

19. The Phoenix Settlement

I talked over the whole thing with Mr. West, described to him the effect *Unto This Last* had produced on my mind, and proposed that *Indian Opinion* should be removed to a farm, on which everyone should labour, drawing the same living wage, and attending to the press work in spare time. Mr. West approved of the proposal, and £3 was laid down as the monthly allowance per head, irrespective of colour or nationality.

But it was a question whether all the ten or more workers in the press would agree to go and settle on an out-of-the-way farm, and be satisfied with bare maintenance. We therefore

proposed that those who could not fit in with the scheme should continue to draw their salaries and gradually try to reach the ideal of becoming members of the settlement.

I talked to the workers in the terms of this proposal. It did not appeal to Sergt. Madanjit, who considered my proposal to be foolish and held that it would ruin a venture on which he had staked his all; that the workers would bolt, *Indian Opinion* would come to a stop, and the press would have to be closed down.

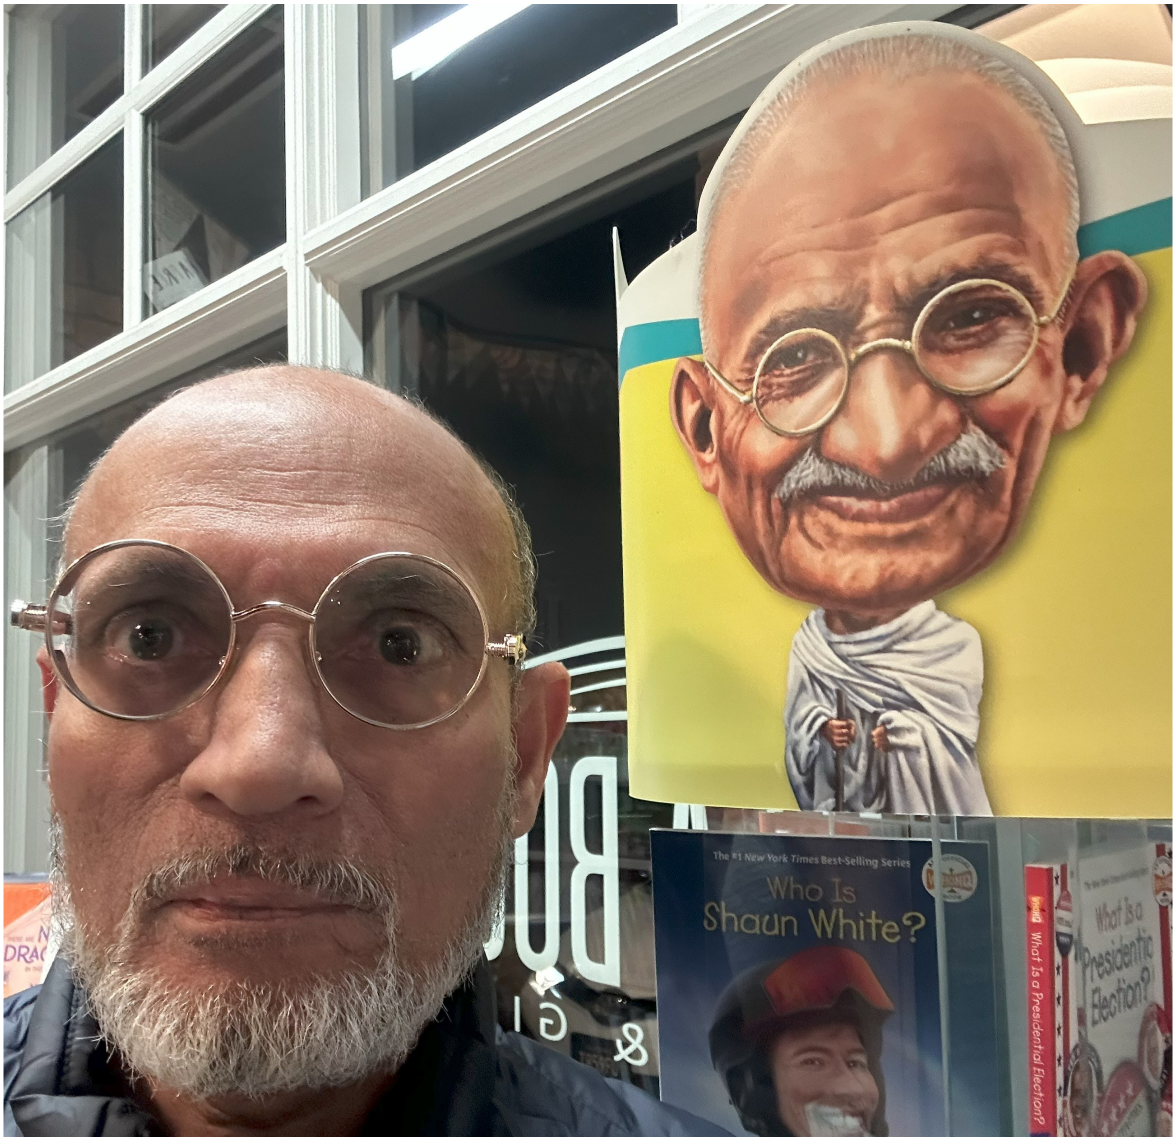

Among the men working in the press was Chhaganlal Gandhi, one of my cousins. I had put the proposal to him at the same time as to West. He had a wife and children, but he had from childhood chosen to be trained and to work under me. He had full faith in me. So without any argument he agreed to the scheme and has been with me ever since. The machinist Govindaswami also fell in with the proposal. The rest did not join the scheme, but agreed to go wherever I removed the press.

I do not think I took more than two days to fix up these matters with the men. Thereafter I at once advertised for a piece of land situated near a railway station in the vicinity of Durban. An offer came in respect of Phoenix. Mr. West and I went to inspect the estate. Within a week we purchased twenty acres of land. It had a nice little spring and a few orange and mango trees. Adjoining it was a piece of 80 acres which had many more fruit trees and a dilapidated cottage. We purchased this too, the total cost being a thousand pounds.

The late Mr. Rustomji always supported me in such enterprises. He liked the project. He placed at my disposal second-hand corrugated iron sheets of a big godown and other building material, with which we started work. Some Indian carpenters and masons, who had worked with me in the Boer War, helped me in erecting a shed for the press. This structure, which was 75 feet long and 50 feet broad, was ready in less than a month. Mr. West and others, at great personal risk, stayed with the carpenters and masons. The place, uninhabited and thickly overgrown with grass, was infested with snakes and obviously dangerous to live in. At first all lived under canvas.
